# BUILT AROUND MOVEMENT.

Precision maritime support  
across Sri Lanka's ports.

Omega Shipping is a Sri Lankan maritime and port agency partner delivering responsive, efficient, and operationally focused support across the island's key ports.

From vessel coordination and husbandry to marine logistics and offshore operations, we help global principals move with confidence through Sri Lankan waters.

With a strong local network, 24/7 responsiveness, and a commitment to operational excellence, Omega Shipping combines agility, reliability, and cost-conscious execution in every port call.

MEMBER OF:

CEYLON  
ASSOCIATION OF  
SHIPPING AGENTS

SRI LANKA  
SHIP SUPPLIERS ASSOCIATION

# DRIVEN BY LONG-TERM PARTNERSHIPS.

## Vision

To become Sri Lanka's most trusted maritime support partner through operational excellence, reliability, and long-standing industry relationships.

## Mission

To deliver seamless maritime solutions with precision, responsiveness, and integrity while supporting vessels, principals, and crews across every stage of the port call journey.

# LEADERSHIP BUILT ON EXPERIENCE.

Decades of maritime operational expertise, global exposure, and trusted industry relationships.

With nearly two decades of experience in maritime operations, vessel coordination, and port agency services across Sri Lanka and the Middle East, Rushan Hameed leads Omega Shipping with a strong focus on operational responsiveness, client relationships, and efficient execution.

His expertise spans ship agency operations, husbandry coordination, offshore support, crew logistics, and specialised maritime handling across all major Sri Lankan ports. Having worked extensively with international principals, vessel operators, and shipping management companies, he brings practical industry knowledge and strong operational leadership to every port call.

With over three decades of experience in the maritime and shipping industry, Thilak Wickramasinghe brings extensive operational knowledge, industry relationships, and strategic expertise to Omega Shipping.

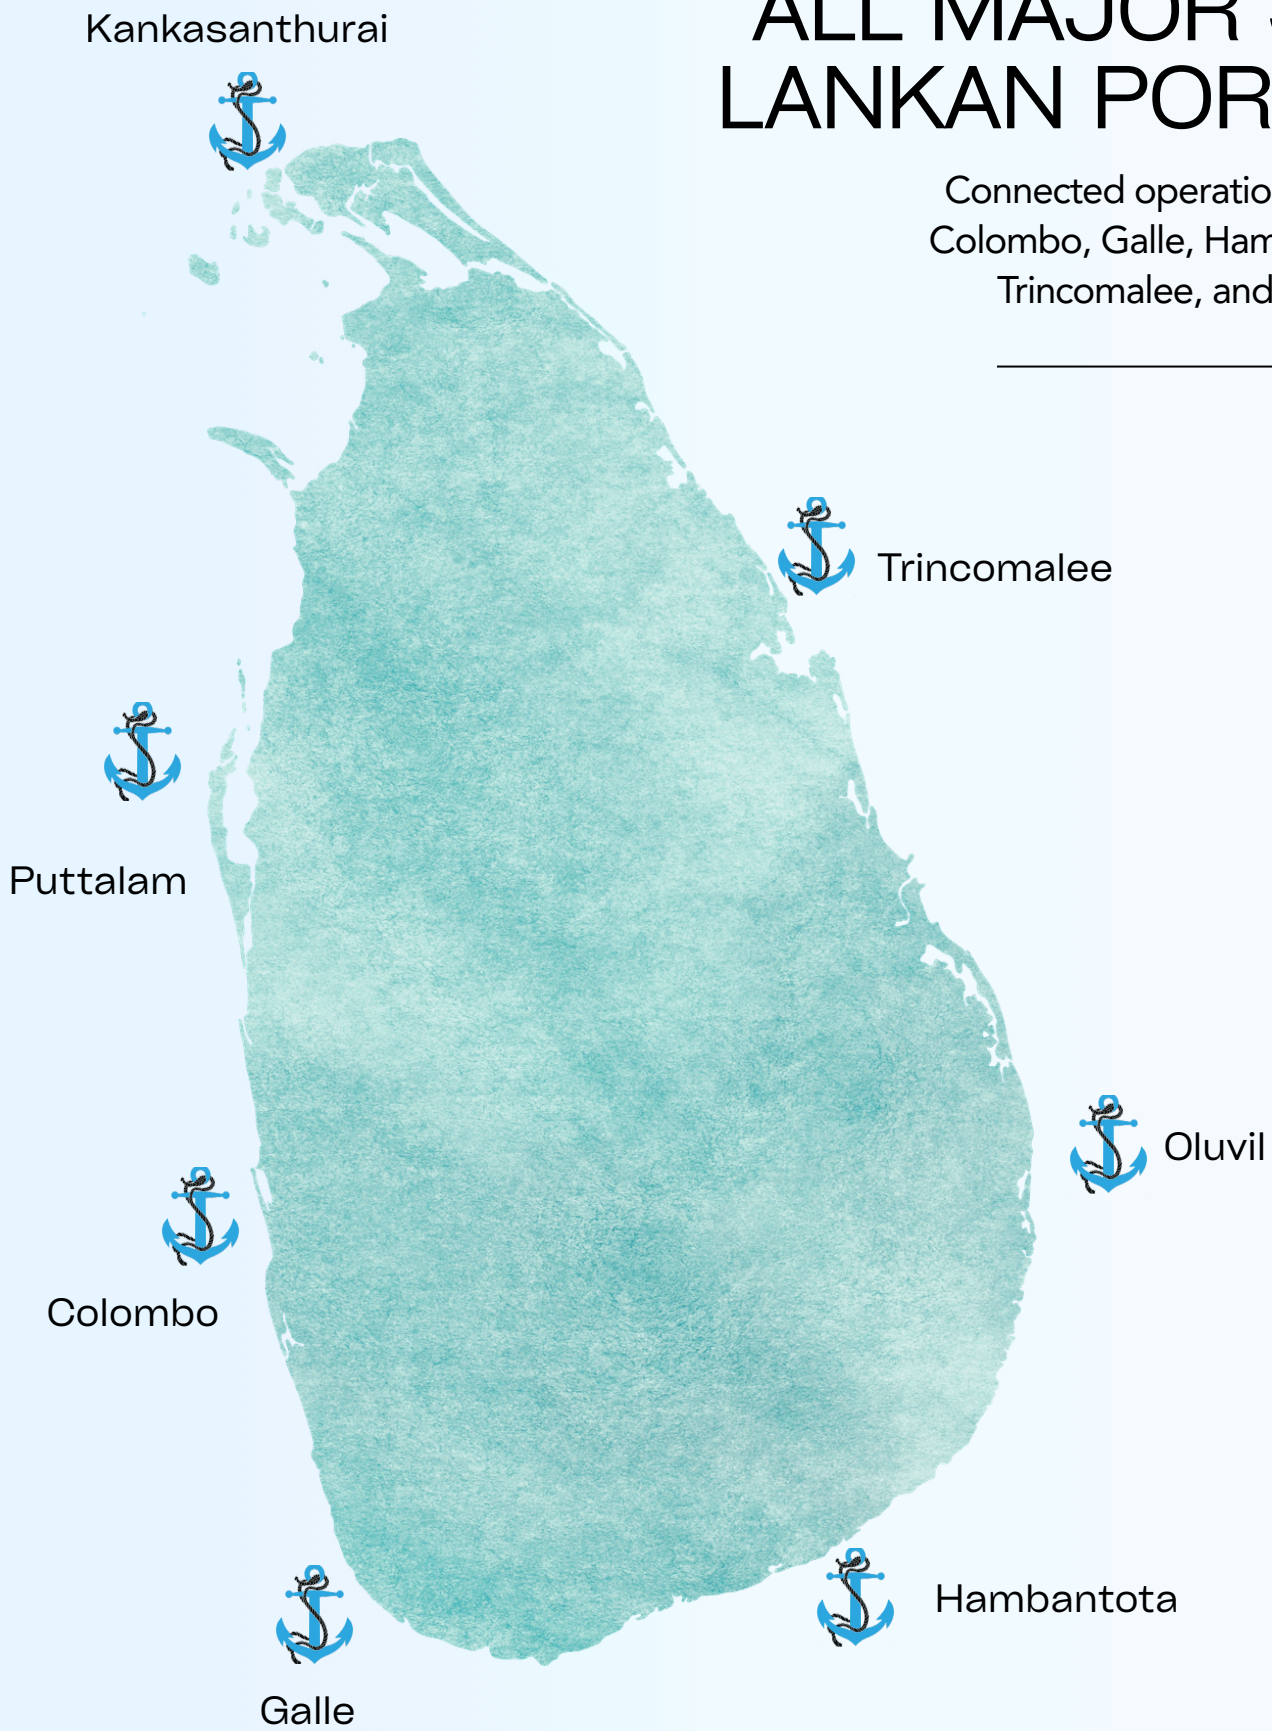

His experience covers vessel operations, port coordination, agency management, logistics handling, and maritime support services across Sri Lanka and international shipping environments. Known for his strong industry network and deep understanding of maritime operations, he has played a key role in building reliable operational partnerships and delivering responsive shipping solutions over the years.

# ONE NETWORK. ALL MAJOR SRI LANKAN PORTS.

# BUILT FOR EFFICIENCY. TRUSTED FOR EXECUTION.

Operationally responsive maritime support designed to reduce delays, improve coordination, and deliver smoother port experiences across Sri Lanka.

At Omega Shipping, operational success is built on responsiveness, local expertise, and precision coordination.

We understand that every vessel call impacts timelines, costs, crew movement, and operational continuity. That is why our approach is designed around proactive communication, fast decision-making, and seamless execution across every stage of the port call process.

## 24/7 Operational Responsiveness

Round-the-clock support for vessel coordination, crew handling, logistics, and urgent operational requirements.

## Local Expertise Across Sri Lankan Ports

Strong on-ground understanding of port procedures, authorities, logistics coordination, and vessel requirements.

## Fast Vessel Turnaround

Efficient coordination designed to minimize delays and support smooth operational flow.

## Dedicated Single Point Coordination

Clear communication and streamlined execution through responsive operational handling.

Through efficient coordination, responsive support, and Sri Lanka's strategic maritime positioning, Omega Shipping helps reduce unnecessary delays, improve turnaround efficiency, and deliver cost-conscious operational support without compromising reliability.

# COMPREHENSIVE HUSBANDRY & OPERATIONAL SUPPORT.

Omega Shipping provides responsive and reliable husbandry services tailored to support vessel owners, operators, and charterers during every stage of the port call.

## Our services include:

- Handling husbandry requirements for vessel owners and charterers
- Hotel accommodation and transport arrangements
- Immigration and crew coordination support
- Ticketing and travel assistance
- Medical facilities and emergency support
- Launch services and port transfers
- 24/7 customer and operational assistance
- Cost-conscious coordination with efficient turnaround handling
- Additional support services tailored to operational requirements

## EXPERIENCE IN TOTAL HUSBANDRY HANDLING

Omega Shipping has extensive experience in coordinating total husbandry services for vessels calling across Sri Lanka, ensuring smooth operational handling and responsive on-ground support.

### Our experience includes:

- Supporting vessels involved in cargo and operational activities across all major Sri Lankan ports
- Coordinating vessel calls for Colombo Dockyard operations
- Handling vessels under cold and dry lay-up conditions
- Arranging berthing and un-berthing coordination, ship stores, provisions, crew changes, CTM, bunkers, spares, and fresh water supply
- Managing medical attendance, transport, air travel, and hotel arrangements
- Coordinating shore excursions, crew welfare activities, and liaison support with local authorities, the Sri Lankan Navy, and operational stakeholders when required.

# ARMED GUARD TRANSFER SUPPORT

## Secure Coordination for Specialised Maritime Operations.

Omega Shipping provides responsive operational support for armed guard transfers and floating armoury activities across Sri Lanka, ensuring smooth coordination, regulatory compliance, and reliable on-ground assistance.

### Our Services Include

- Permissions and operational clearances for floating armoury activities
- Customs, immigration, embarkation & disembarkation coordination at Galle OPL
- Coordination with Sri Lanka Navy and related authorities
- Arrangements for Sri Lankan sea marshals and operational support teams
- Air transfer coordination, documentation, and handling support for weapons and ammunition logistics
- Access arrangements for inventory inspections and servicing visits to floating armouries
- Accommodation and logistical support for principals and operational teams when required

## OUR OPERATIONAL STRENGTHS

### Reliable. Responsive. Operationally Ready.

- Strong relationships with the government and operational authorities connected to armed guard transfers
- Efficient coordination for smooth and secure operational handling
- Secure storage coordination support for weapons and accessories
- Dedicated on-board operational representation and transfer assistance
- Reliable launch coordination, including support during adverse weather conditions
- 24/7 operational communication and rapid response support across Sri Lanka

Through proactive coordination, local operational expertise, and responsive support, Omega Shipping ensures secure and efficient execution of specialised maritime and armed guard transfer operations.

# BUILT ON TRUST. BACKED BY EXPERIENCE.

Supporting global principals across maritime operations in Sri Lanka.

Kind note that agents in Sri Lanka had done a commendable job during last call while with many spares clearance from customs logistics for S.E / Surveyor attendance & crew change.

A good job done! Thanks & Warm Regards

**Haridas Narayanan**

Vessel Manager

THOME SHIP MANAGEMENT PTE LTD

We have been very satisfied to the service provided, especially in view of our short notice call.

Superintendents and junior management had been sleeping next to me while soothe vessel into the port, so I think there is no better advertisement for you and your good company. The Group of Liberty One & Blue will keep your contact details in mind for any future port or bunker calls in Sri Lanka.

**Tobias Rennenkamp**

Operations

# BUILT ON TRUST. BACKED BY EXPERIENCE.

Supporting global principals across maritime operations in Sri Lanka.

On behalf of our company, we would like to extend our sincere appreciation for the outstanding services provided by Omega Shipping (Pvt) Ltd during the docking operations of our good vessels HD79, HD26, and HD28 in Sri Lanka.

Throughout the entire process, your team has demonstrated a high level of professionalism, strong coordination, and prompt supports. Your attention to detail, operational efficiency, and commitment to service excellence have played a vital role in ensuring that all docking activities were carried out smoothly, safely, and in a timely manner.

We are particularly grateful for your proactive approach

in handling operational matters, as well as your flexibility and responsiveness in addressing any challenges that arose during the period. Your dedicated support has significantly contributed to the successful completion of these projects.

It has been a pleasure working with such a reliable and professional partner. We highly value this cooperation and look forward to strengthening our relationship and continuing our collaboration in future projects.

Thank you once again for your excellent service and support.

## **ATRANG, NGUYEN CONG (Mr)**
